**REMARKS**

Claims 1-21 are currently pending in the above application.

The drawings stand rejected under 37 C.F.R. 1.83 (a) as not showing every feature of specified in the claims for reasons specific in Paragraph 1 of the Office Action. In response to this rejection, Applicant has first amended paragraphs [0030] and [0034] to properly read "closed bottom 60." Further, Applicant has added color hatchings for yellow and black complying with MPEP 608.02 to Figure 3 and amended paragraph [0038] to further describe that these colors are illustrated in Figure 3. Applicant respectfully submits that such changes address each point addressed by the Examiner in Paragraph 1 of the Office Action. Reconsideration of the drawings and specification in light of these changes is respectfully requested.

Claims 7 and 16 stand rejected under 35 U.S.C. 112, second paragraph, as being indefinite for reasons enumerated in Paragraph 2 of the Office. Applicant has modified these claims to replace "nylon bag structure" with "durable, lightweight flexible bag structure" as described in independent claims 1 and 13. Further, Applicant has amended the dependency of claims 4, 6 and 8 to depend from claim 1, not claim 3. As such, Applicant respectfully submits that all objections to the claims under 112, second paragraph have been overcome.

Claims 1-21 stand rejected as being unpatentable under 35 U.S.C. 103(a) for reasons specified in paragraphs 3-7 of the Office Action. Applicant respectfully traverses the Examiner's rejection. However, in an attempt to move this case towards allowance, Applicant has amended independent claim 1 to include the subject matter of claim 9 and cancelled claim 9 without prejudice. Applicant has also amended independent claim 13 to include the subject matter of claim 15 and cancelled claim 15 without prejudice. The Examiner has indicated that such changes would result in allowable subject matter. As such, along with the other associated formality changes described in the preceding paragraphs, Applicant respectfully suggests that claims 1-8, 10-14 and 15-21 are in

condition for allowance. Reconsideration of claims 1-8, 10-14 and 15-21 is thus respectfully requested.

In view of the foregoing amendments and remarks, Applicant submits that claims 1-8, 10-14 and 15-21 are in proper form and allowable over the cited prior art. The Examiner is invited to telephone the Applicant's undersigned attorney at (248) 223-9500 if any unresolved matters remain.

Respectfully submitted,
